

# CSAS 2018/017 Figure 8

## Terms of Use

As a courtesy to fellow scientists, please e-mail Dr. Catherine Johnson ([Catherine.Johnson@df-mpo.gc.ca](mailto:Catherine.Johnson@df-mpo.gc.ca)) to indicate how you are using these data so that efforts are not duplicated. Comments and suggestions are also welcome.

The data provided here can be redistributed and/or modified under the terms of the Government of Canada Open Data License Agreement as published on <http://open.canada.ca/en/open-government-licence-canada> in its current version, or any subsequent version.

The data are licensed “as is”. Fisheries and Oceans Canada makes no representation and gives no warranty whatsoever with respect to the data and expressly disclaims any implied warranty of merchantability or fitness for a particular purpose of the data. Fisheries and Oceans Canada assumes no obligation or liability whatsoever for the provision of updates to the Data. See the Government of Canada Open Data License Agreement at <http://open.canada.ca/en/open-government-licence-canada> for details.

## Citation

It is suggested that data users cite the DFO Canadian Science Advisory Secretariat (CSAS) research documents as specified within the “Foreword” of the associated report body:

Johnson, C., Devred, E., Casault, B., Head, E., and Spry, J. 2018. Optical, Chemical, and Biological Oceanographic Conditions on the Scotian Shelf and in the Eastern Gulf of Maine in 2016. DFO Can. Sci. Advis. Sec. Res. Doc. 2018/017. v + 57 p.

# Figure

Optical properties (euphotic depth from PAR irradiance meter and Secchi disc) at the Maritimes high frequency sampling stations. Year 2016 data (circles) compared with mean conditions from 1999-2010 (solid line), except 2001-2010 for euphotic depth from PAR at Prince-5. Vertical lines are 95% confidence intervals of the monthly means.

# Data

## Time series

The PAR- and Secchi-based euphotic depth data used to plot Figure 8 are available here for [HL2](#) and [P5](#) fixed stations.

## Climatology

The PAR- and Secchi-based euphotic depth climatology data used to plot Figure 8 are available here for [HL2](#) and [P5](#) fixed stations.
